

## SPARQ - AIR FRESHENER AIR FRESHENER

**ITEM NUMBER:

### PRODUCT DESCRIPTION

BlackSatino SparQ air freshener creates an exclusive fragrance experience. Together with BlackSatino Qlash, BlackSatino offers two surprising fragrances for soaps, toilet seat cleaners and air fresheners. These aren't standard toilet fragrances, but rather specially developed perfumes for BlackSatino toilet areas.

Maximise the fragrance experience by alternating between SparQ and Qlash. This keeps the olfactory senses of toilet visitors stimulated with a positive effect on the overall toilet experience.

SparQ has top notes of lemon and lavender, heart notes of cloves and tonka bean, and base notes of musk, cedar and sandalwood. It is an aromatic composition with sensual cool and warm tones of citrus and lavender, spices with oriental hints mixed with woody notes, which gives the fragrance a piquant and exotic character.

The SparQ and Qlash perfumes in the BlackSatino soaps, toilet seat cleaner and air fresheners are Cradle to Cradle certified. This means they are 100% safe for people and the environment. The air freshening system has no electronics or batteries and therefore fits perfectly within BlackSatino's sustainable philosophy.
